

## Welcome back to browsing from 4 May

**Borrowing bonanza:** It's been a long time since we opened our doors and an even longer time since we offered a full service to the community - and there's still a way to go before things fully return to normal. However, we are thrilled to be able to welcome borrowers into the library building once more. You can discover a wide selection of new books just waiting to be borrowed. These include plenty of children's books and the latest titles by some of our most popular authors. Even better – there are no fines for overdue books up to 29 May and the loan time has been extended to that date for current borrowings, after which a 70-day loan period applies until further notice.... so, what are you waiting for?

**Computer use:** One computer is now available for one-hour sessions. These must be pre-booked by calling 01384 872348. *The copying service is unfortunately not yet available.*

**Safety first:** We are continuing to maintain strict Covid rules, so please be patient if we ask you to wait outside the door until people leave the building. We are limiting the number of borrowers in the library at any one time. A one-way system still operates into and out of library grounds, the lower gate being the entrance. Face masks must be worn at all times and social distancing maintained. Please help us to keep everyone safe.

*Please see overleaf for NEW opening hours and other news...*

## New opening hours from 4 May

Tuesdays and Thursdays – 10am to 4pm

Saturdays – 10am to 1pm

## CALLING ALL LOCAL PHOTOGRAPHERS

Our 2022 Kinver Calendar Competition launches on 1 May. Here is your chance to showcase your creativity and photographic skills. We're looking for 12 superb local images that capture the essence of Kinver through the year. Entries will be selected by the community via a vote on our website. All you have to do is get creative and submit your work via [www.kinvercommunitylibrary.co.uk](http://www.kinvercommunitylibrary.co.uk) where you will find full details of the competition and entry requirements. Entries, which close in early September, must be landscape-orientated. Our calendars have proved really popular in the past, with monies raised from sales going to support our community-run library. Please get involved.

## Keeping in touch

For more info visit our website:

[www.kinvercommunitylibrary.co.uk](http://www.kinvercommunitylibrary.co.uk) or call us on **01384 872348**.
